

MCARTHUR ISLAND

ROSE HILL

COPPER RIDGE

CADDY

BOOK

NOTES TO KNOW

- **Players MUST CHECK-IN** at the Starter Tent at their assigned course 10 minutes prior to their tee time.
- **DO NOT go to Tee Pad #1** Groups will be sent to the tee from the starters tent
- Electronic scoring is the primary method being used:
 - pdga.com/score
 - TCO23 is the code
 - confirm and submit your score within 30 minutes of finishing your round
 - paper scorecard are for BACK UP ONLY!
 - at least 2 players must keep digital score

TEE ASSIGNMENTS

- Players are responsible to know their tee times. <https://www.pdga.com/tour/event/64426>
- Arrive well ahead of time to ensure parking
- DO NOT go to tee pad #1
- Check -in with the Course Director at the Starter Area
- All groups will have a quick Q & A with the Course Director at the Starter Tent.
- Any course information outside of the Caddy Book, will be relayed to the players at this time.
- If a player is not present at the tee pad at the start of the round with their assigned group, the player is considered absent and does not play the hole.
- The absent player receives a score of *par + 4 for each hole not played*.

HAZARDS & OUT of BOUNDS

There are stakes lining fairways at both courses. The front of the stake, facing into the fairway, is the OB line.

Pay attention to the colour of the *tops* of the stakes

YELLOW = **HAZARD** play it as it lies with a stroke penalty

RED = **OUT OF BOUNDS** standard OB rules apply

SAND TRAPS at Mac Island play as **HAZARD**

FENCE LINES - the front of the post, facing the fairway is the OB line

PAINTED WHITE LINES - play as out of bounds - the line itself is OB

MANDOS/MANDATORIES

Both course have Mandos & Restricted Areas. Please know the rules of play for both.

<https://www.pdga.com/news/pdga-official-rules-disc-golf-competition-manual-updated-2022>

All of the Mandos have a drop zone.

NEVER unwind from a Mando! This is not allowed!

BARBED WIRE

2 meters relief is given from all barbed wire.

There is a barbed wire fence that surrounds the Rose Hill & Copper Ridge property and it plays as OUT OF BOUNDS.

ROSE HILL

Welcome to the Rose Hill Disc Golf Course. Once one of Canada's longest and most challenging courses, this OG would have some great stories to share if trees could talk! Having hosted the likes of Paige Pierce, Eric McCabe, Avery Jenkins and so many more, this course has not only tested the pros but made it through a pine beetle infestation and continues to be morphed into a challenging, scenic, track. Perched on a plateau that once was the bottom of Kamloops Lake, the course plays host to the infamous afternoon desert wind. This one element alone has chased away a lot of dreams of Personal Best rounds. Now with added OB and strategically placed baskets, happy par becomes a welcome score!

Keeping it in the fairway will be the advantage to those with even a big arm! Get off the fairway and scrambling through sagebrush, pine trees and cactus becomes mandatory!

Be sure to steal a moment, when you can, to take in the views offered throughout the course! It really is a special place tucked up in the hills above the sprawling valley bottom. A very different experience than that of Mac Island!

Welcome to the Tournament Capital Open!
Hop onto the runway at hole 1 and proceed to takeoff.

Hazard on the left and OB right.
Right side extends all the way around #2.
Fast green and a drop off behind the pin,
hopefully you're warmed up to score early!

Things are better when shared right?
Hole 2 is the same pad for all divisions with OB
long behind the basket.... and trust me you'll
thank us for letting you come back up the cliff
that's behind it if you go long.
This hole has an elevated structure that even
on calm days will test your putting skills!

You might get a sense that Rose Hill... has some
punishing hills.

Clear the small ravine and find yourself in a
position to go for it, with caution. Steep gully
behind the basket that can warm those legs up
early.

All Divisions play the Blue Pad
Don't get caught staring at the views for too long here.
Get a picture of your birdie and get out!
A unforgiving slope is behind the basket on this one, plan accordingly!

All Divisions play the Blue Pad
I hope for your sake you don't end up on the OB road down to the left... but I've been there and I feel for you if that happens.
Left side of the fairway is a long a large hill that will show you how well a disc can roll.
Shorter hole but anything can happen at Rose Hill.

A nice dog leg Par 4.
A solid drive will setup a touch approach for a birdie. Big arms might even have a eagle look.
Find yourself off the green and you'll be testing a bit of your scramble with trees surrounding the basket.

All Divisions play the Blue Pad
A personal favourite!
OB road long (it's really long)
Gaps to hit, or fly right above it all.
A gentle slope downhill that starts around
halfway to the basket,
elevated basket and an interesting green.
Hit your line and get rewarded!

A dealers choice, one pad wonder of a hole.
OB long and OB if you land in the tennis court.
Trees left of the basket and long.
Shot is a slight left to right.
Show your disc knowledge off and make it look
easy.
Shared Pad for all divisions.

All Divisions play the Red Pad
Hazard, hazard everywhere.
OB tennis court, which will proceed you to a
dropzone off of the tee. Afterwards it is
standard OB rules. Hazard after the path
surrounding the basket.
Good news... C1 is safe, just have to get there!
Par 3 for Blue Layout
Par 4 for Reds

All Divisions Play the Blue Pad
 Welcome to the back 9 at Rose, some wooded holes and big shots ahead.
 #10, OB road on the left, Triple Mando with the standard red pad as the drop zone if its missed.
 The Gates of Rosehalla, dine on a birdie here!

Well, hope you caught your breath from the little hike because you're going uphill even more.
 OB left on the road and OB barbwire fence long.
 A few different ways to attack this one!

Sound the alarm (bamboo wrapped trees)! Triple Mando with the drop zone being the am pad. Downhill shot with a few trees to beat.
 Your initial release better be good otherwise its going to be a tough par save, trust me when I say that.

OB barbed wire fence long on this one. Slight elevation gain and a choose your adventure shot. Choose the low gap or attack the sky.

Word of advice, speed control... guess that words of advice but you get it. Downhill shot, how your disc's flight finished will determine your putt. Mine prefer to be under nearby trees.

A few routes to take never hurt anyone. From big hyzers, hyzer flips and the odd flex forehand. Avoid the trees and shrubs! OB fence long of the basket.

For those about to crush, we salute you. For those playing it safe. Well played. OB left hand side near the edge for the ravine, OB behind the basket and OB on the right. Fast green. Place your shots accordingly!

If there was an opening for a big shot, this is it! There's a big tree in the middle, pick your route. Protected green with a nice pocket opening to access it with your approach shot. OB on the right hand side.

All Divisions Play the Alt Pad
 Congratulations on making it through Rose Hill.
 Hope plenty of birdies came your way.
 Finishing on the alt pad is a 301ft downhill left to right hole. OB is around the basket and continues up the path.
 Couple routes to take. End it with a birdie!
